

Are you concerned you may have the coronavirus?

HERE'S WHAT WE ARE DOING...

As the coronavirus continues to spread, Bayhealth is holding **referral-based** drive-thru screenings. We have set it up this way to help save community members from the inconvenience of attending a drive-thru and being turned away if they aren't eligible to be screened.

HERE'S WHAT YOU CAN DO...

If you have symptoms, such as **fever, cough or shortness of breath**, call our hotline at **302-310-8477, Monday-Friday from 8:15 a.m. to 6 p.m.** During the call you will be pre-screened by a physician, nurse or advanced practice provider. If you meet the criteria, you will be directed to a screening location. You may also contact us at **coronavirus@bayhealth.org**.

It is strongly recommended that you **do not go to your doctor's office or emergency department without calling first**, since many can isolate at home without being evaluated in person. As always, if you are experiencing a medical emergency, call 911.
